## FOUNDATION AWARD 2019: "THE BEST MUNICIPAL SWIMMING POOL"

Environment-conscious – cost-efficient – attractive

The award is open to swimming pools that are already in operation, that make an important contribution to a sense of community and improving health, that are economically and ecologically sustainable, and that take account of changes in society.

The swimming pools should enhance the quality of life in the municipality in exemplary fashion and should offer facilities and courses for all social groups – ideally with the support of sports clubs.

The German Olympic Sports Federation (DOSB) is the cooperation partner for this year's Foundation Award
